Amalu Shaji

Developer I – Software Engineering

Mob: 6238052358| Email: Amalu.Shaji@ust.com | UID: 248743

Key Skills

- .NET
- SQL
- Python

Internships and Projects

- In-plant internship KELTRON, Thiruvananthapuram July 2019
- Automatic plant pot (mini project)
- A study on Convolution Neural Network for plants disease detection (final year project)

Certifications

- Programming in Python
  October-November 2020
  Coders House
- .Net Course
  December 2022 – January 2023
  Tekstac
- Introduction to virtual reality

Professional Summary

I'm a full-stack developer with expertise in .Net, C#, MS SQL, React, Microservices, and Microsoft Azure. I completed a 6-month training program to build these skills. I will work well in teams to understand requirements, design solutions, and implement features efficiently. I'm also a fast learner, staying up to date with the latest developments in .Net full-stack development to contribute effectively to projects and stay in tune with industry trends.

Academic Profile (Highest Qualification)

B.tech Electronic & Communication Engineering(2018-2022)

St. Joseph's College of Engineering and Technology

CGPA:7.98

Work experience (if any)

I successfully completed a 6-month training program in .NET full-stack development, gaining proficiency in the .NET Framework and C#. I demonstrated problem-solving skills and effective teamwork through collaborative projects. I'm now ready to apply my acquired knowledge and skills as a skilled .NET developer.
